

Love working outdoors? We have a great outdoor seasonal job opportunity for university students or someone looking for something new. We offer competitive base pay, overtime, year-end bonus, paid training, growth within the company, and team building opportunities. The ideal applicant must be comfortable working outdoors and at heights in a challenging and evolving atmosphere. Being able to work as part of a team is crucial. Work hours may vary due variations in weather (high winds, rain, etc.), so flexibility is key.

As an exterior maintenance technician, the primary responsibilities will be window cleaning of condominium and commercial properties, pressure washing of walkways and entrances, and cleaning of eavestroughs. This will require the use of hand-held tools, water-fed poles, and pressure washing equipment. Access methods may include ladders, man-lifts, and potentially rope access.

All training is paid for and provided by Off The Ledge Inc. (OTL).
